

## ARS MASTER ROSARIANS

### **Congratulations to those dedicated people who have been chosen to be Master Rosarians**

Welcome to the Master Rosarian page. A [Master Rosarian](#) is the "cream de la cream" of the rose world. These are individuals who are dedicated to the rose and educating others so they can share in the love of our glorious hobby. This is not an honorary title, but one that is approved by several levels of ARS membership, and earned by doing exceptional work.

To qualify as a Master Rosarian, a Consulting Rosarian (who needs three years of ARS membership to qualify) needs to serve the membership at least 10 years, and continue to serve in various functions such as an officer of a local society or district, write articles for the local bulletins, lecture when asked, and attend and participate in various seminars, such as pruning demonstrations. This is a working honor, one not to be taken lightly.

As President of the American Rose Society, I am honored to serve among the rest of the true rose greats as a Master Rosarian.
